Montrose Herald – March 20, 1908 – Mr. Bowman took on dealership for REO cars. He bought the building to the east of the Herald office, rented the front to Dr. Dickenson and remodeled the back into a garage and repair shop for REO. The car above is a REO touring car listed for \$1,250.00 – “A big roomy powerful car, quite smooth-running, easy riding, carries five people over all sorts of roads.”

A 22 horsepower machine that is capable of a mile a minute if such speed was necessary.

It is quite an expensive proposition to run an automobile. It costs on every turn of the wheel. We would be glad to take all our friends out in our auto, but it is a big job and while we mean no discourtesy to anyone obviously we simply cannot stand the expense connected with such an undertaking nor do we have the time to devote to it.

Grace Groscoast and Grace Beach worked in the Herald office in 1905 and 1906.

## Montrose 0727

Main Street, Montrose – Looking east.

Business on left has name on roof. Left side cut off: I think it says "MONTROSE GARAGE – DAVENPORT & HENLE"

Photo not clear enough to identify people in street.

I think that this photo was taken just before Berke Opera House (on right hand side of photo) burned in February 1922 based on automobiles in photo.

Montrose 0417 is Penny Postcard

Postally used – addressed to: Mrs. Ketchum, City – Cant Read postmark.
